

## WDFW Reply to Ecology Stormwater Projects

Ms. Murron,

Thank you for forwarding the comments from Stephanie Barney and Kurt Baumgarten.

I understand that the project may be subject to one of Ecology's National Pollutant Discharge Elimination System (NPDES) General Permits for Stormwater Discharges. The project engineer is in the process of drafting a Stormwater Pollution Prevention Plan for the project, which she expects will assist us in our application to receive the necessary NPDES permit from Ecology. When a draft of this plan is complete, I will contact you to determine what additional steps will be necessary to receive the permit.

Thank you and please let me know if you suggest pursuing another course of action.  
Loren

Hello Mr. Zeigler,

Please find the attached SEPA construction stormwater comments (for the above-referenced DNS) from Stephanie Barney and Kurt Baumgarten.

Many thanks,

**Susan Murron** / Office Assistant 3 / Department of Ecology / Bellingham Field Office /
